SATOYAMA
INITIATIVE

The Satoyama Initiative

- A global effort to realize “**societies in harmony with nature**” through mainstreaming **biodiversity** into **production landscapes and seascapes**
- Promotes **sustainably managed production landscapes and seascapes** all over the world (Socio-ecological Production Landscapes and Seascapes (SEPLS))

Socio-ecological Production Landscapes and Seascapes (SEPLS) are found around the world

Spain (*Dehesa*)

Korea (*Mauel*)

Japan (*Satoyama*)

Cambodia
(*Srair-Chamkar*)

Malawi (*Chitemene*)

Home gardens

Philippines (*Muyong*)

- Both inside and outside protected areas

International Partnership for the Satoyama Initiative (IPSI)

- In order to facilitate and accelerate the activities for the Satoyama Initiatives and for SEPLS
- Launched during CBD COP 10 in October 2010
- 164 members as of October 2014

- **Diversity of the partners and their activities**
- **Provides a platform for sharing knowledge and fostering synergies**

**Thank You
very much!!**
